## Press Release

**June 23, 2010**

### **Bee Maid Supports Canadian Honey Council with Research and Development**

Bee Maid Honey Limited is pleased to announce a donation of \$61,570 to Canadian Honey Council. This represents a portion of the proceeds generated by the sale of Apivar<sup>®</sup>. Apivar<sup>®</sup> is a Varroa Bee mite treatment.

Throughout the years, Bee Maid Honey has supported research and development in beekeeping that benefits the Canadian industry. This donation continues this support by encouraging Canadian Honey Council to use these funds in the research and development of new hive products for healthy bees and healthy "Canadian" honey.

Thank you to all the staff in the Bee Supplies outlets in Spruce Grove, AB, Tisdale SK and Winnipeg, MB for their effort in the distribution of Apivar<sup>®</sup>. A special recognition goes to Derrick Johnston for the co-ordination of this project. Derrick's dedication to the industry is remarkable.

Bee Maid Honey Limited is the marketing arm of the Alberta Honey Producers Co-operative Limited and the Manitoba Cooperative Honey Producers Limited. Canadian honey produced by beekeepers in the Western Prairies is processed and packaged in Spruce Grove, AB and Winnipeg, MB.

Bee Maid Honey is proudly owned by Canadian Beekeepers.
